

How can I prepare my art to be a sticker?

- Gravit Designer Desktop App
- 1 Group your shape and duplicate it using Ctrl+D https://cl.ly/2f2fd15f31d1
- 2 Hide the top one and ungroup the bottom one, then select all shapes and using the boolean union, merge them. https://cl.ly/33bff2407e63
- 3 Modify > Path > Expand/Shrink https://cl.ly/0a6fe4213657
- 4 Adjust the amount you need for the outline cut and then adjust your cut line width https://cl.ly/a2073d01acf6
