

## **Register WinZip for Mac using a registration file**

- WinZip
- WinZip Enterprise

When you purchase a WinZip multi-user license, you will receive an email confirmation containing links to:

- a WinZip **.pkg** installer;
- your unique **WinZipmc.mcmul** registration file.

## **Install and register your copy of WinZip**

1. Download and put both the **.pkg** installer and the **WinZipmc.mcmul** registration file to the same folder.
2. Run the **.pkg** installer by double-clicking on it. Follow the installation instructions.
3. After WinZip is installed, run it by opening the **Applications** folder and double-clicking on the **WinZip** icon.
4. Once you agree to the license, WinZip will be registered.

**Note:** for registration to be successful, **WinZipmc.mcmul** must be in the same folder as the **.pkg** installer when the installer is run.
