

## **Pinnacle Studio: Pinnacle Studio 20 Crashes When Closing The Application**

- Pinnacle Studio

Some may experience an issue where Pinnacle Studio 20 will crash upon closing the application. Replacing the NemoEngine.dll will solve the issue.

### **Instructions to replace the NemoEngine.dll:**

1. [Click here](#) to download files. Unzip.
  2. Close Pinnacle Studio.
  3. In Windows Explorer, browse to C:\Program Files\Pinnacle\Studio 20\programs
  4. Find the existing file: NemoEngine.dll, rename it to NemoEngine.OLD
  5. From the unzipped download, copy the new file NemoEngine.dll into C:\Program Files\Pinnacle\Studio 20\programs
  6. Start Pinnacle Studio 20, the crash when exit should be fixed.
