

Error 0641 during installation

- Corel Other

Issue: Encounter Error 0641 during installation

Cause: Windows Installer service is not working properly.

Resolution:

- Re-register Windows Installer Service

1. Quit all Windows programs.
2. Click Start, type Run in the Search box and then press Enter, type `msiexec /unregister` in the Open box, and then click OK.
3. Click Start, type Run in the Search box and then press Enter, type `msiexec /regserver` in the Open box, and then click OK.
4. Restart the computer and reinstall.
