

PaintShop Pro X7 - Where do I find the physical files on my hard drive for the Creative Content

- PaintShop Pro

After the installation, the additional content is added to the existing features in Corel PaintShop Pro X7 Ultimate.

For example, there are more tubes or frames available than in the Pro version.

The Extra Content can be found at the following locations:

Windows XP:

C:\Documents and Settings\All Users\Application Data\Corel\Corel PaintShop Pro X7

Windows Vista, Windows 7, Windows 8:

C:\ProgramData\Corel\Corel PaintShop Pro X7

This includes:

- ? Brushes (Corel_01)
- ? Patterns (Corel_02)
- ? Gradients (Corel_06)
- ? Masks (Corel_07)
- ? Fill patterns (Corel_08)
- ? Frames (Corel_09)
- ? Tubes (Corel_10)
- ? Shapes (Corel_11)
- ? Styled Lines (Corel_13)
- ? Textures (Corel_15)

Personal saved content such as scripts and custom tubes can be found in:

Windows XP:

C:\Documents and Settings\Corel\My Documents\Corel PaintShop Pro\17.0

Windows Vista, Windows 7, Windows 8:

C:\Users\YOURNAME\Documents\Corel PaintShop Pro\17.0
