Painter 2015: Cannot press and hold CTRL+Z to undo text

Description of problem:

- 1. Launch Painter
- 2. Create a new document
- 3. Create a text object
- 4. Select it using the layer selection tool
- 5. Move it using the keyboard arrow
- 6. Press and hold CTRL +Z

Result:

Only the very last text move gets undone.

Solution:

Instead of holding Ctrl+Z, press Ctrl+Z once for each undo.
