

How can I prepare my art to be a sticker?

- Gravit Designer Desktop App

1 - Group your shape and duplicate it using Ctrl+D - <https://cl.ly/2f2fd15f31d1>

2 - Hide the top one and ungroup the bottom one, then select all shapes and using the boolean union, merge them. - <https://cl.ly/33bff2407e63>

3 - Modify > Path > Expand/Shrink - <https://cl.ly/0a6fe4213657>

4 - Adjust the amount you need for the outline cut and then adjust your cut line width - <https://cl.ly/a2073d01acf6>
