

How to reset swatches?

- Gravit Designer Desktop App

The only way is by opening the console (in the Desktop app: Ctrl/Cmd+ Shift+ F12,

in the web app: Ctrl/Cmd+ Shift + I or ALT + Cmd + I on Mac (for opening Developers tools) and press Esc to show Console tab), enter "gContainer.setProperty('swatches', null);" (without the quotes), then hit Enter and restart the app.
