- **Optional Supported Programs:** Microsoft Word, Microsoft PowerPoint, and Microsoft Excel (versions 2013, 2010, and 2007)

These requirements only apply to the computer system where WinZip Courier is installed. Recipients of your email messages do not need WinZip Courier and can use any email program to read your messages. To open and extract from the Zip files you send, your recipient will need a Zip file utility such as WinZip.

Note: when using **InPrivate Browsing** a default **Toolbars** setting that disables toolbars and extensions must be turned off, or Courier will not work.
