

Some 3rd party plugins from previous Studio content discs cannot be activated in Studio 14

- Pinnacle Legacy

If you have some locked plugins that were installed from a previous version of Studio's content disc, you may not be able to purchase that content for use in Studio 14 even though you can see the locked content. If you already purchased these plugins for a previous version of Studio, you can still use them in Studio 14; it is just not possible to purchase some of the 3rd party plugins from within Studio 14. Here is the list of 3rd party plugin categories provided in previous version content discs that cannot be purchased in Studio 14.
