Pinnacle Studio: Unable to locate the titles after purchasing the Modern and Techno Titles

- Pinnacle Studio

I have purchased Modern Titles and Techno Titles addons, I have run the EXE file came with my purchase but I?m not able to locate the titles in Pinnacle Studio.

Modern Titles and Techno Titles come as .mov video (CFHD encoded (GoPro CineForm) files, similar to other video overlays.

See this document in link below, it explains how to install/use animated overlays.

https://learn.corel.com/wp-content/uploads/2016/12/Pinnacle-AnimatedOverlays-WrittenTutorial.pdf

You need to import .mov files in Pinnacle Studio project bin in order to use them in your project/movie.
