

Pinnacle Studio 23: Audio Drop-Out During Timeline Playback

- Pinnacle Studio

Problem: In Pinnacle Studio 23, specific projects may have audio drop-out during playback.

1. In Pinnacle Studio 23, ensure that Help->About displays version 23.2.
 2. Exit Pinnacle Studio 23.
 3. Download the hotfix [here](#). Unzip, select both files, right-click and select 'Copy.'
 4. In Windows Explorer, browse to C:\Program Files\Pinnacle\Studio 23\programs. Right-click in an empty space, and select 'Paste.' This will overwrite the existing files with the hotfix files.
 5. Launch Pinnacle Studio 23.
