

Pinnacle Studio 20.5 or later: Cannot find Motion Tracking

- Pinnacle Studio

The Motion Tracking entry in the Effects Editor is missing, or not working.?

?

Motion Tracking is no longer accessed from the Effects Editor.

?

First, please update your product with the Pinnacle Studio 20.6 patch.?

You can download the patch [here](#).

?

To open the Motion Tracking Editor, use the button above the timeline ?or right-click the clip on the timeline, and select Motion Tracking from the context menu. ?

?
