

Transferring shows from previous versions of PhotoShow to a Roxio PhotoShow

- Corel Other

1. Open the previous PhotoShow program (for example, version 4 or 5) and upload all Shows to your Roxio Online site.

- To download Roxio Online PhotoShows into the Roxio PhotoShow application:
 - ◆ Open Roxio PhotoShow.
 - ◆ Click the *Online* drop down menu.
 - ◆ Select on the **Download PhotoShows** option.

You may have to wait some time as all your Shows download again. Longer shows can take a few minutes each. They will now be saved as individual files in the **My PhotoShow** subfolder in your *My Documents* folder.
