

Adding CD TEXT information to audio CDs with Toast or Jam

- Toast

To write CD-TEXT:

1. In Toast 6, 7 or 8, select the **Audiotab** and choose **Audio CD** in the Formats drawer
2. In Jam 6 create a new untitled Jam document
3. Drag audio files into the Toast audio window or the Jam window
4. Double click on any track and edit the album, artist or track information
5. Click the red record button to burn the disc

To view CD-TEXT information on the Mac:

1. Insert an audio CD with CD-TEXT information into the recorder
2. Launch Toast or Jam and select **Recorder** --> **Disc Info**. You will see the CD-TEXT information.

Note: The Mac OS and iTunes are unable to display CD-TEXT.
