

TiVo-To-Go Plug-in does not recognize TiVo PVR

- Toast

Restart the DVR

1. Press the **TiVo** button on the remote to go to TiVo Central.
2. Select **Messages & Setup --> Restart** or **Reset System --> Restart the DVR**.
3. Press **THUMBS DOWN** three times and press **ENTER**.
4. Powercycle network devices.

If you have a router or wireless access point, unplug it, wait a moment, and then plug it back in.
