

Burning iDVD projects using Toast

- Toast

Projects created in iDVD are not supported in Toast. If you are using iDVD 5, you can save the project in iDVD as a "Disc Image" and then burn the disc image in Toast using the "Copy" option.

?

1. To save your iDVD project as a disc image, Choose **File > Save As Disc Image** in iDVD.
2. To burn the iDVD disc image in Toast:

- Click the **Copy** tab and choose **Image File** in the *Formats* drawer.
- Drag and drop the iDVD disc image into the Toast window.
- Click the red record button.
