

PaintShop Pro: Stub - Cannot install if Internet Explorer security is set to High

- PaintShop Pro

If the Security level for this zone setting is set to High in Microsoft Internet Explorer, no text will appear in the PaintShop Pro installation dialog boxes. You can modify this setting in Microsoft Internet Explorer so that text will appear by changing this setting:

Click Tools > Internet Options.

Click the Security tab.

Click the Custom level button.

In the Scripting section list of options, for Active scripting click the Enable radio button option

Click OK

Click OK again

Close Microsoft Internet Explorer
