

Paradox: The file ':PRIV:LABELS.DB', required to run the Labels Expert, is missing"

- WordPerfect Office Suite

Occasionally, you may see an error stating that the file LABELS.DB is missing when you try to run the Labels Expert in Paradox.

To resolve this problem, follow these steps:

1. Close Paradox
 2. Open your Documents folder
 3. Right click on PdxPriv and choose rename. Rename it to PdxPriv-old
 4. In the documents folder, Right click on a blank spot and choose new, Folder
 5. Name the new folder PdxPriv
 6. Restart Paradox and test the labels expert.
