How to set the Default Paper Size in WordPerfect

- WordPerfect Office Suite

1. ?Go to **File >?Document >?Current Document Style**

2. ?In the **Styles Editor**, click **Format > Page > Page Setup**

3. ?Select the preferred page size you would like to use. ?Set it for both the Printer Page Types and the Standard Page Types.

The chosen page size should be reflected as a code on the Reveal Codes window.

4. ?Click on the **Use as Default** button and then click **OK**.
