Video Masking

Video masking is a powerful video editing tool designed for everything from basic fixes to Hollywood-level enhancements. Apply targeted special effects, remove objects from footage, and get creative with custom windows in your clips. Combine footage to replace generic screens, swap out a dull sky for a vivid sunset, and create personal walk-by transitions. Video masking delivers the power to clone yourself and overlay footage to achieve truly remarkable special effects. Surprise yourself with what you can create using the exclusive editing power of the Mask Creator in VideoStudio Ultimate 2021!

3D Titles

Titles are the perfect way to introduce information to your audience creatively. Choose from built-in presets and templates for immediate impact, or dive in deeper and create custom motion titles with the 3D Title Editor! Control textures, lighting, motion, and more to create a dramatic cinematic opening and draw your viewers into your videos. Ultimate?s exclusive 3D titling tools will help you add interest and impact to any production.

Split Screen Templates Editor

VideoStudio Ultimate 2021 empowers you to go beyond basics and combine shots in your videos with dynamic split screen template creation. Choose from preset templates to jumpstart your multi-angle videos, or create your own dynamic templates with customized motion to captivate viewers. This tool is excellent for presenting a two-sided phone conversation, creating engaging before/after videos, and showcasing multiple angles of an action scene all at once.

Enhanced MultiCam Editor

Enjoy storytelling across cameras and present your best angles! Easily combine, sync, and edit footage from screen recordings, webcams, or external cameras and simply select the angle you want to show as your video

plays. VideoStudio Ultimate extends the camera support of Pro, delivering the ability to edit across up to 6 angles (4 angles in Pro). Leverage the additional camera support to take music videos, presentations, unboxing videos, and more to new creative heights!

More DVD templates

Make every project fabulous and fun to navigate with creative custom menus and chapters. Choose from more than 100 customizable templates - twice the templates in Pro - to give your video project the packaging it deserves! Put your pro-quality production on DVD and share life's special moments with family and friends.
