

WinDVD® and Blu-ray title compatibility

- WinDVD

In order to play recently released Blu-ray titles and update to WinDVD® may be required

WinDVD® 8 and WinDVD® 9 may not provide play back support for newer Blu-ray titles released in 2010. These products are at the end of their development life cycle. Corel will no longer be releasing compatibility updates to these versions to support the playback of new Blu-ray movies.

Corel® WinDVD Pro 2010 does support the playback of new Blu-ray titles released in 2010. [Click here to upgrade](#) to the latest version.

Already have Corel WinDVD Pro 2010? [Click here](#) to obtain the latest updates.

Note: You must install [Service Pack 3](#) to get the latest title compatibility for Blu-ray playback.
