

ParticleShop not supported on Windows 11

- ParticleShop

Symptoms

Error 1 - Corel Painter has encountered a problem. Please reinstall from the original source.

Cause

A feature called Smart App Control (SAC) has been introduced with Windows 11. With that feature enabled, ParticleShop will not launch and will display an error message

Resolution

ParticleShop is not compatible with Windows 11 and there are no plans to fix or make it compatible with Windows 11
