

## **How to install and register WinZip System Utilities Suite**

- WinZip System Utilities Suite

1. Start the downloaded **wzsus56.exe** file.
2. On the User Account Control popup, click **Yes**.
3. Click Next.
4. The installation will start.
5. Once the installation is finished, the application will start automatically. Also, the browser will automatically open. You can close this page.
6. In the application, click the **Question Mark (?)** button and click Activate License:

7. In the Activation window, enter your license key and click **Activate Now**:
